

SPECIAL OPPORTUNITIES Materials Pavilion

The interiors+sources Materials Pavilion at NeoCon is a unique opportunity to position your company as a leader on the materials front. This one of a kind space at NeoCon covers a large space showcasing hundreds of curated and sponsored materials from around the globe. This experiential, educational exhibit is appreciated by attendees for its educational exhibit-type feel as well as the opportunity to learn more about materials in a non-sales-like environment.

Introduce your material innovations to visitors at the world's largest interior design event in a comfortable environment specifically designed to encourage one-on-one interactions, networking, and relationship-building that continues well beyond the show.

Three levels of sponsorship are available.
Pick the one that suits your needs best!

INTERIORS+SOURCES MATERIALS PAVILLION

A Global Material Experience!

June 12-14, 2017

The Merchandise Mart, Chicago, IL
